On [redacted], no meeting was held at Peoples Party II (PP II) Headquarters, 2828 Dowling Street. The meeting was postponed because of milling crowds. Carl Hampton, chairman of PP II went outside on Dowling Street and asked the people to disperse and also asked them not to start any trouble. Hampton said he had heard that certain elements in the area were resorting to trouble such as muggings and looting and he did not like this as the PP II group did not believe in such activity. He pointed out that if anyone started any trouble in the area they would be dealt with just as they would deal with the "pigs".

Hampton asked the members which were patrolling the vicinity to refrain from patrolling outside of the immediate area of PP II headquarters. He asked them not to get over a block away from the building and come back and report police concentrations and hoodlum element activities when they are discovered. The following people were noted at PP II Headquarters [redacted]

The free clinic is to be set up in the black ghetto and built around the plans as expressed by Peoples Party II (PP II). It was mentioned that Mickey Leland might be contacted regarding obtaining the equipment for the classes. He has apparently been in contact with local pharmaceutical houses and physicians. Leland was formerly connected with Student Non-Violent Coordinating Committee. He disappeared during the Texas Southern University trouble but he is now back and connected with the Chicanos in some manner.

About 20 people attended the class. About 11 or 12 were unknown, some of whom are believed to be from Atlanta. Among persons recognized were:

On [REDACTED], the Rainbow Coalition held a meeting at 4020 Austin, Houston, Texas. [REDACTED]

[REDACTED]

[REDACTED]

The purpose of the meeting was to set up some type of first aid program to be used in case of emergencies, such as riots, and to make available necessary facilities in case of attack by tear gas and for treatment of gunshot wounds. It was also mentioned that availability of doctors who would treat gunshot wounds and not report them must be determined.

[REDACTED]

[REDACTED]

It was said that they have the makings of a 20 to 30 bed hospital or clinic which would be available to the entire community. A hospital of this type is reportedly already set up in Atlanta.

b6  
b7C  
b7D

The group talked about training people in mid-wife techniques, respiratory techniques and also care and treatment of minor injuries and gunshot wounds. The first aid classes are scheduled to be held at 4020 Austin on Tuesdays and Fridays. The necessary equipment and supplies for classes are to be obtained from local pharmaceutical houses, apparently as donations. Trained technicians are supposed to conduct the classes on a voluntary basis.

the society that they live in is no good, therefore they should be skep-

[REDACTED] advised as follows on [REDACTED]:

MICKEY LELAND is presently employed as an instructor in the Pharmaceutical School, Texas Southern University (TSU), Houston, Texas, and has an office there. LELAND is a male Negro.

LELAND is head of the Black Art Theatre located in the old Deluxe Theatre Building, Lyons Avenue, Houston. It was stated that MICKEY LEELAND had proposed that [ ]

[ ] immediately rejected such a proposal because he considered such individuals not to be really representative

of the community.

It was further reported that [ ] and [ ] were working on a Breakfast Program to be initiated by the PP II as soon as possible, in the mornings, [ ] for children who go to school without breakfast. This program is to be given in conjunction with a Day Care Program, also sponsored by the PP II, which program will be like a nursery for pre-school children. Neither program is presently operational.

[ ] said he'd made a few contacts with Grocery Supply (which supplies independent grocery stores at Houston, Texas) in an effort to get that company to donate food to the Breakfast Program. [ ] said he intended to contact some of the independent stores to see if they, too would donate food for the program.

[ ] said that MICKEY LEELAND had a list of medical doctors they would contact to see if they would volunteer time to the medical center and to determine if some of the doctors could contact pharmaceutical houses for sample and free drugs and medicines.
